Florida-Friendly Landscaping

Are you wasting time and money on lawns and plantings that fail? Learn about selecting hearty plantings that survive Florida's unique climate, alternatives to conventional pesticides and fertilizers, and more.

Save Energy, Save Money

Learn how we can get the energy we need to operate our homes, our automobiles and our businesses all the while improving our energy efficiency and saving money through positive change and planning.

Waste Not, Want Not

Today getting rid of what we don't want has become as critical as getting what we want. Plastic waste is especially challenging to get rid of. As a result, plastics end up in our soil, rivers, oceans, even in our bodies. Find out how to apply the principles of "refuse, reuse, and recycle" with easy, practical tips in waste management and savvy consumerism.
